emphasises chemical principles as well as techniques. The manual helps students understand the timing and situations for the various techniques. The Beran lab manual has long been a market leading lab manual for general chemistry.

## **Laboratory Manual for Principles of General Chemistry by ...**

The laboratory manual is what you would expect. The language can sometimes be confusing, making the procedures hard to follow, but the introduction to the lab is often very help and allows you recall formulas and knowledge from reading the chapters in your text book. A lot of the problems are better worded than in the previous 9th edition as well.
