The Society of Fire Protection Engineers (SFPE) is a professional society for fire protection engineering established in 1950 and incorporated as an independent organization in 1971. It is the professional society representing those practicing the field of fire protection engineering.

SFPE

When the fourth edition of the Reference Manual was written, an editorial objective was to prevent the need for updates every time a reference changed. For this reason, the reader will find many general references to the handbooks or NFPA standards/codes. It was expected that the reader

would find the reference on their own.
